

This is a video of the day I wanted to take Gabriel to the Doctor, but the rash disappeared before I got to the hospital. The video is started right after pick up Gabriel from the mother, it is started from the parking lot so no can say that anything is manipulated. This a word that goes through a lot because of that I take precautions of the mothers word all the time.

00.22

Gabriel "what are you going to do today dad?"

Marius "now we are going to eat and Leon wants to Liam, and then I must clean up at home since it looks bad at home. The real estate agent is coming home to us tomorrow to look through the apartment which is nonsense, he should have arrived at Monday because im not doing anything at home now. I only iron things now, but come now."

01.25

Gabriel "Leon? Leon? Where is Leon? Leon? Is he at the toilet? Leon?"

Marius "Leon open the door for us"

Gabriel "I need to say something to Leon."

Marius "Yes, Leon is not allowed to be in the room now, he is going to sit with us"

Leon "is Gabriel here?" I did not tell Leon that I was picking up Gabriel, again so that the mother could not use my "manipulation" of words on him.

Gabriel "Leon, do you know what mum did at Pokémon go? She took your old profil and stated it."

Leon "it is mine."

Gabriel "no mum got it."

Leon "did she get my account?" She knew Leon wanted this account and refused to give it to Leon. Leon played at this account for over 2 years. She said when you are with me it is yours.

Gabriel "yes, leopack 73"

Marius "Leon"

Leon "I want my account."

Gabriel "No, mum is using it. Mum is going to use it so it don't get an argument."

Leon "yes"

Marius "it is the same who is using it, the account is Leon's"

Gabriel "yes, but mum took it."

Marius "Leon, aske Gabriel what mum did before he left the house"

Leon "what did mum do to you?"

Gabriel "she told me I needed to go along and see my father." Here you can hear that he is thinking about what he is going to say. The reason is because he knows what I am after.

Gabriel is a really smart kid, and he don't want any harm to his mother. So he tries to protect as much as possible.

Marius "what did she do to you? Was his question?"

Gabriel "eeyeh, I looked at something....."

Leon "what was it your mum did to you?" Leon gets upset because he know Gabriel is holding back information.

Gabriel "eeyeh,she wanted me to take on my swimming shorts, and then she helped me with that."

Leon "But the swimming shorts is yours"

Marius "what was your mother doing to you before you went out the door?"

Gabriel "ooo yes, oooh"

Leon "I close the door so no one can hear us." He is talking about the door to our pool and terrace

Marius "it is no one that can hear us, so just be silenced. Yes"

Gabriel "we brushed our teeth."

Marius "and?"

Gabriel "and then I took on me my shorts."

Marius "and then?"

Gabriel "and then my mum fixed my internet."

Marius "and"

Leon "and what did he, what did he say?"

Gabriel "and then I had to put sun lotion on my mum"

Marius "we are talking about just before I picked you up. We are not talking about what you did yesterday at the beach. You have not been on the beach today"

Gabriel "yes, I put sun lotion on my mum. And then, that was it."

Leon "Gabriel, Dad is asking you what you did before he picked you up? What did your mum do to you?"

Gabriel "I don't remember"

Marius "how was your face before I picked you up?"

Gabriel "it was normal, I thought I was normal."

Marius "yes, how did it look?"

Gabriel "eeeh, I looked like this."

Marius "what?"

Gabriel "i looked like this."

Marius "no, was it any specific color on you?"

Gabriel "no."

Marius "you know that I filmed you yesterday"

Gabriel "it was not an specific color on me. But eeeh"

Marius "did you look like yesterday?"

Leon"did you look like yesterday?"

Gabriel "BUT"

Marius "Leon, don't speak to him"

Gabriel "BUT, my mum put lotion"

Leon "he is so annoying"

Marius "yes I know"

Gabriel "ooh chicken, can have as well?"

Leon "it is mine"

Marius "no, you must have eaten with your mother?" The clock is late afternoon

Gabriel "nooo"

Marius "when did you eat last time?"

Gabriel "eem, yesterday, dinner."

Marius "have you not eat food today?"

Gabriel "no"

Marius "what do you mean with no? You have eaten with your mother, it is five o clock"

Gabriel "no I have not done it."

Marius "ok, but should we come to the point soon. With what your mum did and how you looked like"

Gabriel "she only put sun lotion on me."

Leon "ok, if you tell the truth can you get a chicken from me"

Gabriel "She only put sun lotion on me."

Marius "was It a lot of sun lotion?"

Gabriel "not so much really" I have recorded me pick him up, telling me it was a lot

Marius "you told me differently in the car."

Leon "tell what you told dad in the car and then you get this chicken, mhm mhm, I know that you want it."

Gabriel "yes, I know that you are trying to"

Leon "Mhm, you need to hurry up before I eat up this. And then I eat this one"

Gabriel "can you stop make me"

Marius "Leon, how do you think his face is looking today?"

Gabriel "he said that I could get one"

Marius "wait, be quiet."

Gabriel "but WHAT"

Marius "talk to him, then you will get."

Leon "His face looks like it has had lotion on it."

Marius "but it look way better today? Right, then the day before."

Leon "mm"

Gabriel "she put a lot of lotion on me."

Marius "she did that, yes"

Gabriel "I got dyaksus."

Leon "what?"

Gabriel "I got dyaksus,"

Leon "what is that"

Gabriel "it is the wire, its called dyaksus" I have no idea what he talks about.

06.36

Marius "How have Nova's face looked the last days?"

Gabriel "Red"

Marius "how have you looked like the last days?"

Gabriel "not so much red, only a little"

Marius "you now that the mother to your best friend also watched you red."

Gabriel "oh yes."

Marius "and I have it recorded."

Gabriel "ok"

Marius "why cant you"

Gabriel "I have been really red"

Marius "can you tell me why don't want to tell me? What are you afraid of?"

Gabriel "I don't know"

Marius "but this is important that you tell the truth"

Gabriel "I just don't know"

Marius "yes, look at me, put your phone away, I want that you tell, since I know what you are doing."

Gabriel "what am I doing?"

Marius "you are protecting your mother"

Gabriel "NOO"

Marius "and that is totally fine, because I want you to be there."

Gabriel "look now, mum did put a lot of lotion and I and Nova has been red a verry long time"

Marius "Is it itchy in your face?"

Gabriel "no"

Marius "when you are there?"

Gabriel "no"

Marius "you sat in the car and scratched your face al the way here."

Gabriel "that is because I have a mosquito bite."

Marius "in your face. You don't have one mosquito bite in your face"

07.46

Leon "eye y ey, eyeye " when we started to talk about it, Gabriel started to scratch a certain place and Leon saw it.

Gabriel "i told you"

Marius "dont tuch"

Leon "that is not a mosquito bite"

Marius "wait, no it is not. And you have had the itch how long?"

Gabriel "a long time."

Marius "A long time, yes."

Leon "you see, that I why I said eye ey ey ey y"

Marius "Wait, That was good that you told me, so how long have you scratched there?"

Gabriel "for three days." That is how long he has been with the mother"

Marius "three day, yes, since your mothers arrival."

Gabriel "yep, the truth is out."

08.30

Marius "is nova also scratching herself?"

Gabriel "yes, not so much, but she scratches herself a verry long time."

Leon " I taken of the plaster" He hurt is foot in a jump.

Gabriel "hmm?"

Leon "I have taken of the plaster"

Marius "what is good now is that she have put lotion on your face so well, and she forgot there."

Gabriel "haha, your butt." I feel like having a victory dance.

Leon "hahaha

Gabriel "why do you dance? Why do you dance"

Marius "she have been trying to hide your whole face, your whole face should have been like this. And then she hides it with lotion because that is the only way of make it disappear, and this is what she did in Norway as well, don't you remember how it was in Norway? What did she do with you in Norway when you turned red?"

Leon "put on lotion"

Marius "with what?"

Gabriel "with aloe vera"

Leonn "with lotion"

Marius "with lotion?"

09.45

Marius "aloe vera have we not been tested against so it would be wisely to not use it before it has been tested. But, eeh, that is correct. That is what she did. That was what she did to take away your red skin"

Leon "How do you know that?"

Marius "How do I know? I have been there when she have done it, she have done it in front of me and told me that it is nothing. She told me it is eczema, it is fifth child decease, it is asthma, that is the symptoms you have."

Leon "that is many deceases then."

Marius "yes, and she is saying I am doing you sick. And she is the one that tells that you have many deceases. And the only thing I have said is that you are reacting to things. that is real special. She is telling everyone that I am saying that you are sick all the time when I have never said that you have been sick, I have said you are reacting to things. While she is saying that you have fifth child decease."

Gabriel "do you know that my strongest something is "slackin" I don't know

Marius "Leon, come here"

Leon "I must have water."

11.04

Leon "do you want some"

Marius "but, we need to still wait until the lotion dries out before we can go anywhere, before you are going to the doctor."

Leon "who?"

Marius "Gabriel, is going to the doctor."

Leon "why?"

Marius "so that they can see the rash and document it with the doctor."

Leon "wasn't I supposed to go to Liam?"

Marius "Yes and that was when? Half past six?"

Leon "yes"

Marius "yes, that is along time to, the clock is no more than half past four, no 5, no maybe half past five."

Leon "NO, yes, half past six the time I should go."

Marius "you should try to meet Samuel also, and Mohammed"

Leon "yes, but"

Marius "to be honest, he is a part of the gang, even he says he always want to stay home. I am watching you always go down from school and are with each other on the school. Or what?"

Leon "yes"

Marius "but I can hear with his dad if we can take trip over to him"

Leon "today"

Marius "no, another day. Your mum got mad at me today because you have not been with her."

Leon "I am going to be there for many years, why rush"

Marius "Yes, she got mad at me. I told her that you was here visiting your friends and that ios what you have said, and visit your friends before you leave and then she got really mad. So you must some day go and visit her. You don't need to be there a long time. Just visit her"

Leon "hey, you know what, I decides what I want with my life. She have been pissing on my life my whole life."

Marius "No, we are not talking like this. You have no rights to be apart of it like this. There is different to tell that you are red, to tell the school that you have a flie in the throat when you got the paper at school"

Leon "she is sick" multiple of times

Marius "that is something you can tell about, but never be mixed up between my and mum, and what we discusses, and how she is and how I am. Now we are stopping to discussing this things. Are you hearing what I am saying?"

Leon "yes, but mum."

Marius "NO, NOW are we done. This have I told you before. You should not be mixed up in this like this.

Leon "mhm, it was nice, tasted almost like Kebab."

Marius "yes isn't it, the vegetables."
