

Hello, I hope you have a nice day in this cold weather.

As you now have seen I have had a meeting with my kid school. And now I am going to send you the information about the application his mother made him delete. As you can see in the mail I sent to the school and child service I never told them that I have recorded the truth. I told them to get to the bottom of this because I want to see if they lie about it. But under I will give you a text of the 2 recordings that same day. I have also him confess the day after and in one other occasion, but I felt that these two recordings will be enough. If you want more just tell me.

Recording 1

I have just found out that the application is deleted.

0.18 Marius "Come here". And I ask him to come multiple of times until he comes over. He didn't come at once since he was trying to scare me.

Leon, "where you frightened?" I tell him no.

1.10

Marius " That day you decided to delete my applications, go and sit on the chair"

Leon "do I have to? it is cold.

Marius "that's life, sit down." He had a heather next to his feet so it wouldn't be a problem.

1.26

When he sat down, Leon "yes."

Marius "who did you talk to on the phone"

Leon "Noah (his friend from Norway) And we were talking about a Pokémon game, and he showed me some maps and other things on Fortnite, and I maybe talked a little bit with mum since she had to go"

Marius "so she had to go?"

Leon "yes, she told me she had to put Nova to bed"

2.37

Marius "You know that I can see in the log when you have talked and hang up with your mother? So, her I can see that you started the conversation, sit down,"

Leon "I want to see!"

Marius " no, you don't need to see, you should just listen since I am going to found out the truth, and I will get truth anyway, since the whole conversation you had with your mother and talked about Pokémon have I recorded, so sit down. And that recording is existing today.

Leon “yes, I know” but he didn’t know this. He and his mother thought they deleted everything.

3.12

Marius “so here, now you have the possibility to give me the truth if there was some people that told you that you must delete my applications?”

Leon” NO, NO, I had to delete apps since I wanted to download games.”

Marius “You can still say these things, but I have that conversation recorded”

Leon “I tried to install a game”

Marius “and here it says that you started to talk with each other 18.27”

Leon “When? Which day?”

Marius “06.12-2021 six days ago.”

Leon “Hmm, It feels like a very long time ago”

Marius “and then I called, and you were back in your conversation with your mum and Noah for a while, and then I called back again since I was at the store, then you talked more with your mum and Noah. Then your mum hang up, but she called back to you very quickly, after two minutes. SO, I don’t know if your mother just laid Nova I the bed and left, but she came back in the conversation.”

Leon “Oh, Oh, It was, it was, we did this thing that my mum would hang up since she needed to help Nova and Gabriel with something. After that, she called us back up, but she didn’t appear on the camera. Then I asked her if she could turn on the camera? My mum told she cant do it. Then I said Dennis (Older brother of Noah”) can you hang up the conversation and call us back up so that my mum can join with camera? And he did that. After that talked I and Noah.

4.54

Marius “You have deleted the whole meeting with the child service and your mother.”

Leon “Child service meeting?”

Marius “yes”

Leon “and the school?”

Marius “Yes, the meeting I had with the child service and your mother.”

Leon “how did your application look like?”

Marius “It is red”

Leon “is it red, is it white?”

Marius “inside, yes. It is red around the applications, and it looks like an old microphone inside.”

Leon "and it is like a microphone with stripes around? Oooo yees, I didn't know that. I didn't know that."

Marius "this is why you don't delete things"

Leon "That is my fault, yes, I am sorry"

6.35

Marius "this doesn't make the situation easier."

Leon "did you found the recording"

Marius "No, it doesn't make this case easier."

Leon "about what?" But he knows what I am referring to.

Marius "what the hell do you think," I am starting to get upset.

Leon "have you two cases against you?"

Marius "What do you mean with two cases? You know which case I am referring to"

Leon "yes"

Marius "yes"

Leon "oh, yes"

Marius "this doesn't make the case easier did I say"

Leon "I make it more difficult?"

Marius "yes, you deleted my things."

Leon "yes"

Marius "Yes, is it some reason that you are deleting my things"

Leon "it was just so I could play a game with Noah that I had to download."

Marius "but you downloaded only one thing, there is much more space on the phone"

Leon "And then I wanted to download another game, so I deleted the other game evolution. But after that, it didn't work to download that game, and then I got upset. Evolution was the first game I installed."

8.27

Leon "is it free the day it is Christmas?"

Marius "oh hell" whispered upsetting)

Leon "are you angry at me? Are you angry at me?"

Marius "what do you think Leon?"

Leon "I don't know since I not did it on purpose, I didn't know."

Marius "Can I believe that you did this with an accident?"

Leon "no, you cant do that, since I have lied so much."

Marius "and how have you been since you started to wanted to go to your mum 100 million times".

Leon "Yes, many times. But know I don't want that anymore"

Marius "what do you mean with I don't want that anymore?"

Leon" I Don't want to go to my mother"

Marius" But this wasn't now? This happened a week ago when you screamed at me, swore and behaved totally unacceptable in a long period of time."

Leon "did I swear? I didn't say the f word."

Marius "you said a lot of things, didn't you?"

Leon "I said I hated you"

Marius "and?"

Leon "idiot"

Marius "and?"

Leon "you are ugly, do I think. I don't remember. Are you sending messages to someone?"

9.46

Marius "fuck off" (Whispered) It is impossible to think that you did not do this on purpose Leon?"

Leon "I know that"

Marius "since this was under the same time you had conversation with your mum and spoke badly of me when you talked to your friend Noah, and so on."

Leon "I need to cut my mustache" this is when I know that he is lying since he is falling out of the conversation on purpose, since he doesn't like the topic. He don't want me to talk more about it.

Marius "what the hell am I supposed to do now?"

Leon "why are you looking at me?"

Marius "It is you that have created the problem."

Leon "I don't know what to do"

10.50

Marius "I am so glad that I have 5 phones and planted evidence around everyone of them.

Leon "on everyone?"

Marius "everyone"

Leon "everyone" Now he understands that he and the mother fucked up and didn't deleting everything.

Marius "I knew that this was going to happen"

Leon "what?"

Marius "that someone was going to try to destroy my evidence eventually, so if I had only one application with recordings, then I wouldn't have shit left."

Leon "that is smart"

Marius "I have to be smart since I am dealing with your mother, that does everything she can to destroy. Can you let that be alone." He is tipping on the oil heater in the living room.

Leon "I am sorry, I won't do it again. I can't remember that I deleted the application. Maybe someone has hacked your phone?"

Marius "stop saying someone has hacked my phone, since you have confirmed already thirteen times that you deleted the application."

Leon "YES, I don't know. I am just saying. Why are you like this?"

Marius "how am i?"

Leon "like this. Are you upset? Are you upset dad?"

Marius "no I am like irritated, stated."

12.38

Marius "from now on you don't touch that phone anymore"

Leon "mine?"

Marius "yes"

Leon "why?"

Marius "not before I have moved all the things I need."

Leon "what do you mean by that?"

Marius "removed the other things that are one the phone" I have pictures and videos as well on the phone he had.

Leon "do it now"

Marius "no"

Leon "why? That means that I cant speak with Noah."

Marius "that is correct, you are not allowed to talk with him now anyway."

Leon "yes, if I get my computer in the Christmas"

Marius "yes, but that is a long time to."

Leon "hey, it is not that long to Christmas, only one week."

Marius "until Christmas holiday it is only one week, yes."

Leon "how long is it to Christmas? How many days?"

Marius "13."

Leon "13, ok, anyway I can talk with him through the game. He would accept my friend invite at once. And the first thing he is going to ask me about is, I know this, it goes like this Noah's talking "Did you talk with your school?" that is the first thing, I promise, that is the first thing.

Marius "But, I have said very clearly to you that if you don't tell him the truth then I wont let you play with him. I will delete your game again."

Leon "I will tell him the truth"

Marius "I am going to sit beside you and record that conversation so that I can confirm that you are telling him the truth. And you are also going to tell him that the bullshit your mother is telling him and his mother to brainwash them against me is false, and then you can tell him that you have said to me that that Noah had got pictures of Gabriel from Your mum where he looks ok, and now I am going to send you pictures of Gabriel of how he looked like when your mother had them on Canaria.

Leon "what if I forget this"

Marius "you are not going to forget this since I am going to be there"

Leon "are you going to tell me?"

Marius "no, you are the one that should remember this."

Leon "Cant you just tell me?"

Marius "NO, you are only telling the truth, you now the truth. You don't forget the truth? You forget fairytales, you don't forget what you have seen and experience."

Leon "I am going to tell him what I said in the meeting, I said I don't know"

Marius "we don't speak about the meeting"

Leon "yes"

Marius "can you stop destroying things."

Leon "technically it is not destroyd, it is only paint."

Marius "no, that is ruined. You took away painting." It is chair we had that he pulled of painting.

Leon "Yes painting"

Marius "yes so you are ruining it"

Leon "how? It doesn't make sense"

Marius "does it look like I'm in the mood for playing around now? You ruined it!"

Leon "ok, I ruined it since you said so."

Marius "No, you pulled of painting, so you ruined it."

Leon "I ruined it since you are saying it."

Marius "No, you ruined it since you pulled of painting."

Leon "since you says so."

Marius "you ruined it since you pulled of painting, and no It isn't because I say so. You ruined it since you pulled of painting."

Leon "I ruined it since I pulled of painting, and since you said so."

Marius "No, tell me that one more time. You ruined it since you pulled of painting."

Leon "OMG, I am to tired for this now."

Marius "you are going to tell him the truth, because he will not sit on the other side and telling bullshit about the stories from your mother."

16.18

Leon "but I have helped you"

Marius "how have you helped me Leon?"

Leon "in the case"

Marius "with what?"

Leon "a little bit"

Marius "how?"

Leon "with videos and things I have said to you."

Marius "how is that possible when you haven't been able to know what to do since you didn't know I recorded everything?"

Leon "that doesn't mean that I didn't help you"

Marius "You have not helped me a little bit"

Leon "YEES."

Marius "can you stop shouting?"

Leon "I helped you when my mother visited my friend Mohammed once."

Marius "Mohammed?"

Leon "yes."

Marius "I have known all the time that she has been there."

Leon "but he told me face to face that my mum was there. Mohammed said, Your mother is visiting me now Leon." This was back in the summer. The mother had no relationship with the mother when Leon lived in Norway.

Marius "that have been confirmed in the phone call that I have been recorded, were she says that Noah's mother wont send him to Spain since your father are not a good father. And the question then is how can the mother of his friend now this? So we have it recorded that your mother is talking shit to the mother of your friends. That is recorded.

Leon "which phone did you take a recording with?"

Marius "I don't think you should think about where I have my recordings. The best thing for you is to think about yourself. Don't speak about it."

Leon "how could you call me when the phone was with you?"

Marius "don't think about how I manage to take recordings and what I am capable of."

Leon "how did you call me?"

Marius "don't think about it"

Leon "how did you do it"?

Marius "stop think about it."

Leon "yes, I am thinking about it since you are saying it like this.

Marius "don't think about it, finished"

Leon "no, my head isn't finished. When my body is finished, then I am. I wish I was dead."

20.35

Leon "can I go now? Dad can I go now? Can I go now? Can I go now?"

Marius "you have might ruined much right now Leon"

Leon "what do you mean? What do you mean?"

Marius "Oh hell, I installed the application again and everything came back."

Leon "that means that I didn't ruin it? Right? Right? Are we finished here now?"

Marius "Don't delete things on my phone."

Leon "ok, are we finished here now?"

Marius "Are you hearing me? Never delete things because I have things everywhere. Meeting with child service."

Leon "meeting with child service."

Marius "Leon"

Leon "I gave you heart attack almost"

Marius "it is annoying since here I have recordings of you when you are listen to the recordings of Noah, Mother and Leon talking shit about me.

Leon "i never want to listen this recording."

Marius "it is not nice to hear this, look at me. Look at me. Is it uncomfortable?"

Leon "no, I just don't want to listen to it."

Marius "why"

Leon "because"

Marius "look at me, cant you tell me? This is the recording were you are listening to yourself when you understands that I have recorded you, Noah and your mother. Look at me? Leon. Look at me? Yes, look at me. And stop playing with the door. Come her. He is hiding behind the door to living room extremely embarrassed.

Leon "yes"

Marius "look at me. Look at me"

Leon "no."

Marius "why? Do you get a bed feeling? I want you to be honest with me. What do you feel? There is a reason why you are hiding behind a door now and don't want to look at me. Stop playing with the door, I have told you this. Let it be. It gets broken. Ok, are you going to tell me what you feel. So you think it is ok for you to say that I am angry at you all the time? What? You cant live with me anymore. And your mother is playing along with you about how bad I am as a father. All because I took away your computer since you didn't do anything at home. Reading and writing. And now your mother is taking advantage of this situation and talks bullshit to your friends. Leon? This wasn't so funny to listen to.

This is the first recording, and I still have not got the truth. Now I started to compare his history with the log in the recordings. I started recording a lot of things at home at once I took away his computer since I knew what was going to happen. The second recording is done 10 min after this since I understood pretty fast after I had it downloaded again that he had done it on purpose.
