

Hello, this is the second recording where Leon admits that he and his mother deleted the application while I was out on the store.

0.18

Marius "turn of the lights. Turn of the light. Why are you hiding your face?" he has gone to bed since it is late.

Leon "hmm?"

Marius "why are you hiding your face? Was it not nice to hear it?" referring to the recording where he and his mum talked trash about me to his friend.

1.26

Marius "I know that you deleted the application after you played, after you played with Noah. Do you have something to say about this? Hmm? The recording you heard before you went to bed is from the same day you and Noah played. And you haven't been able to speak with him since that time. This is in the phone log." The reason he couldn't have talk to his friend is because I took his phone away from him since he is still not focusing on school, but all the drama with the mother and his friends. And as we are about to find out, I did the right thing.

2.10

Marius "why did you delete it" who are you trying to protect?" now he has started to give me hand signals with thumb up, down, and in the middle for his answers. He knows he have been caught.

2.36

Marius "is there someone that has told you that you had to delete it? Hm? Remove your legs from my side." He is sleeping in my bed since he is afraid of the dark.

2.58

Marius "is there someone that have told you that you must delete it?"

Leon "yes"

Marius "I am expecting an answer. I will have answer, and if I don't get answer your pc is gone the whole Christmas.

Leon "yes"

Marius "I will have answers."

Leon "yes"

Marius " I will have answers now, today. So again, I know that the application was deleted after you played with Noah and had the conversation with her. Because that recording was

done later that day, and I have a recording two days later on the same phone. So again, is there someone that has told you to do it?

Leon "shows me thumb up" But I want answer from his mouth.

Marius "I don't know what that means, so it no one that have told you to do that? So you did this by yourself?" He keeps on giving me the thumb for answers and I respond to them. Here he holds the thumb in the middle.

Marius "You are not telling me yes" he gives me thumb up like someone said he should do it.

Marius "who got you to do it then? Don't you want to say who it was?" Thumbs down

Marius "But there was someone that got you to do it? Thumbs up

Marius "so mum got you to delete the application? Thumbs up

Marius "when did mum make you delete this application? Have you sent text message? Was it over the phone? Thumbs up

Marius "where was i? I don't know what that means." He points to the door like I was out at the store.

Marius "where was i?" he tries again to point to the door, but now im done with the pointing and want him to answer me.

Marius "no, tell me, where was i? If you don't start to talk now with your mouth, will you get a even bigger problem than you have now, and I can promise you that you pc is gone all Christmas if you don't open your mouth straight away. Now you have been giving me thumbs up, thumbs down, now I will have bigger confirmations from you Leon. So your mother have told you to delete that "stupid" application? And where was i?

Leon " I don't know"

Marius "I wasn't here or what? Was I here?

Leon "I don't know"

Marius "You don't know where I was?"

Leon "No"

6.10

Marius "ok, it is really special that I cant find the day she have called you on in the log on the phone, I cant see that she have talked to you on the phone. But she have called you after the last call in the log and got you to delete that "stupid" application somehow. Did she call you through whatsapp?

Leon "yes"

Marius "was it two days ago she called?"

Leon "no"

Marius "three days ago"

Leon "no"

Marius "was it yesterday?"

Leon "I don't know"

Marius "She told specific to delete my recording application?"

Leon "mmm"

Marius "What did you say now?"

Leon "why do you have on the recorder?"

Marius "what?"

Leon "you have the recorder on"

Marius "what do you mean I have on the recorder?" my phone is hiding behind my belt so if he wanted to check my pockets he wouldn't find it.

Leon "you have the recorder on"

Marius "why are you telling me that I have the recorder on?"

Leon "you have the recorder on"

Marius "is that why don't want to answer me properly?"

Leon "yes"

Marius "is it because it is embarrassing? I have told you that will get the truth eventually, everything is in log, Leon. It will be really upsetting for you and your mum that I could download the application again, and all the information that was on the application is still there. Hmm?"

Leon "mm" like yes.

Marius "all off my things came back, all the recordings were still there. Absolutely everything. So I could see on the dates on when you sat and played with Noah and downloaded games like you tried to tell me, and was incorrect. And then I could go back and look at whats app about, no because you have deleted my recordings after that."

Leon "when"

Marius "I have recordings two days after, Leon. So, if I have a recording two days after you played, then you couldn't have talked with Noah." This was because I took the phone from him that day he played with his friend and the mother decided to trash talk me over the phone. And there is a recording two days after on the same application.

Marius "you have already confirmed that your mother have got you to delete that application."

Leon "mm" like yes

Leon "do you have on the recorder now?"

Marius "it doesn't matter what I have on Leon."

9.09

Marius "last recording her is 8.12-2021, that is four days ago. 8.12-2021 seven a clock. The recording is this Look this is four days ago and if we go on whats app, and if he see after the 8.12-2021 is there no conversation with your mum. I am seeing that Noah has tried to call you. The last time it says that you have been in an conversation is, is it possible to delete the call log singular? Ok."

Leon "what are you trying to delete?"

Marius "hold on for a second. I didn't know that you could do this. Ok, deleting December 16.11. who learned you to delete the call log?"

Leon "hmm?

Marius "you have to have deleted the call log."

Leon "I have not done that."

Marius "ok, How, who, you are saying that your mother told you to delete the application, but I don't know how that is possible."

Leon "deleting what?"

Marius "the recorder application. Deleting my application. Deleting my recordings."

Leon "I have not deleted any recordings"

Marius "what?"

Leon "I have not deleted any recordings?"

Marius "you said 5 minutes ago that your mother told you to delete the recordings while I was outside."

Leon "no, the application"

Marius "yes, the application. That is the recordings. The application is with the recordings. But there is no log on when you talked with your mum? When? It have to be four days ago, or three days ago?"

Leon "no"

Marius "ok, when is it then? Was it today? Was it yesterday?"

Leon "I don't know."

Marius "but I don't understand, how did you manage, it doesn't say, there is no phone call to your mum. So have she shown you how you are deleting an conversation?"

Leon "give me the phone an I will shoe you."

Marius "you are going to show me how I delete a call log?"

Leon "her"

Marius "yes, show me then?"

Leon "you know where mums number is"

Marius "yes, I know where your mums number is. Do you know how you are deleting a call log?"

Leon "do you hold in the button somehow?"

13.04

Marius "that could be an smart way of doing it."

Leon "no, don't delete the number to Noah."

Marius "relax, you get the number from your mother."

Leon " no, don't delete. Dont delete Noahs number"

Marius "it is only the conversation that gets deleted"

Leon "no"

Marius "is this what your mum had said to you that you must do? We can delete my call log. Look here. Yes, now that is gone. My number is still there in an other call. Is this what your mother told you to do? i am coughing. Your bed is so full of shit. I told you to iron your bed." He raised himself up from his side of the bed.

Leon " I have"

Marius "don't well enough apparently. Lay down my nose is clogged up"

Leon "I have"

Marius "lay down."

Leon "I am not clogged up."

Marius "but I am. Lay down. But is this what your mother told you to do?"

Leon "no I have not deleted any numbers."

Marius "no, you have not deleted numbers, only deleted a singular call."

Leon No, it is because I was always in call with the group call with Noah and mum."

Marius "what, here?"

Leon "yes, always on that one."

Marius "ok, but what happens then if I, just hold on. If I delete the call log from here."

Leon "which phone call are you deleting?"

Marius "if I am deleting an call from here, does it get deleted from here then?" Now I have 2 phones in my hand and tries to find out what they did.

14.40

Marius "I can check when I called you, and I called you sixth of December 19.43 and then I go, Sit down.

Leon "I want to see, I want to see"

Marius "you don't need to see what I am doing, you don't need to learn about this, since you are using it to ruin things."

Leon "I know how to do this, I know how to do this"

Marius "you can what?"

Leon "Deleting, I know everything about deleting."

Marius "yes, because your mother teached you this."

Leon "no, I find it out by pressing on things, then I know that every time I need to delete things this is what you do."

Marius "so, you have hold in on the phone call you had with your mum?"

Leon "no, I did it with the conversation with Noah and my mother, I only deleted in the group" This I couldn't understand at the moment. Since it didn't make sense that she would call in a group call with Noah to make Leon deleting my application. I don't know if Noah also heard this and was apart of this conversation. This is just more and more stupid. And this just tops it all. And that was why I struggled with this.

15.31

Leon "wait, wait, I know where the call is. I think I know where the call is dad."

Marius "no, lay down."

Leon "but I think I know where the conversation is."

Marius "Lay down, I am going to check on thing first."

Leon "I think I know where the call is"

Marius "no, it isn't deleted from here. When I am deleting a singular call log from one phone, it is still showing on the other" now I am just trying to find out how things are working on my phones, and I found out that everyone must delete from there phone.

16.00

Marius "and she have not called you on the normal phone"

Leon "I know where, I know where. I know where"

Marius "ok, tell me."

Leon "if you want to see the call go down on the phone"

Marius "I now that Leon, that is here. Here is the last call with your mother. 6.12/2021.

Leon "yes, 6.12-2021 was when my mum called me, ehh, ehh ehh, it was then my mum called, 6.12-2021 19.24 it was then my mum called me alone." Now he confirmed that the mother called him alone. But it doesn't add up with the dates since I have a recording 8.12/2021.

Marius "so your mum called you alone when she told you to delete the application?"

Leon "and then she called me"

Marius "did she call you alone when she asked you to delete the application?"

Leon "he nods his head and confirm"

Marius "so it was a singular call her?"

Leon "mm," like yes.

Marius "but the problem now Leon is that when you see on your log, you have not been in any conversation with anyone after 6.12.2021. And the application was deleted after 8.12/2021. So somewhere between here to there should it be a phone call to your mother. And the only way this is disappearing, is that you are deleing it. On this phone."

Leon "I know how, it has come a new thing on whats app. If I talk with Noah, then I took my mother in to the conversation and then you cant see my mum.

Marius "but I don't see Noah's aswell."

Leon "this is Noah number"

Marius " I know that, but you have not been talking with Noah."

Leon "yes"

Marius "no, last time, look here, do you see that this is green?"

Leon "yes."

Marius "that is the last time tried to call Noah. That was 10.,12-2021 that was two days ago, and you tried to call him three times. Something you have not been allowed to do. But he did not answer"

Leon "when can I get the phone?"

Marius "you are getting the phone back when you are prioritizing the school. Your friends is last of my concerns since they are not paying for your school. And they are not paying for that you can live or take money from them when you are 18."

Leon "I know this, I know this."

Marius "yes, then you can see the next time it is green, that is 06.12-2021 that is before the application is deleted."

Leon "mm" yes

Marius "then you can see here you talked 19 minutes, you your mum and Noah."

Leon "after that we needed to hang up since."

Marius "no, that was the last time, you talked together many times that day. Look her, 6.12-2021 is all from here. So you talked together me, Noah, mum and Noah, me, mum and Noah, me, mum and Noah and so on. I talked with you many times this day in between since I am at the store shopping clothes and things. That is why you have a call from all the time. And to ask how it goes."

Leon "It goes good."

Marius "I know it goes, ehh it didn't go well since in this conversation with your mum you talked shit about me to your friend. So it didn't go well when I called. But, that is the last time you spoke with your mum. After that have you deleted that application. And know have you said, lay down."

Leon "I have not deleted the application"

Marius "you have said multiple of times that you deleted the application and your mother told you to delete it."

Leon "not on whats app, just that."

Marius "no, only the recorder application."

Leon "yes"

Marius "she told you to delete the application. I understand that. But somewhere here is I something that is missing, she have told you to delete the application and the last recording is four days ago."

Leon "ehh, look here."

Marius "so where is the conversation? Did she do it by sms, maybe? Did she send you an sms, and told you to delete the sms? But then it should have said that the text message was deleted." Now I finally found out how, and he explain himself perfectly on what did happen.

Leon "no, dad. Look here. Give it to me."

Marius "no, because, then it should say message delete."

Leon "I am going to show you. It doesn't say message deleted. Give me and I can show you. I am just going to delete one thing."

Marius "wait, then I have to send you a message and found out."

Leon "just send me a random message. Then I can show you what you can do if it says message deleted. I am a genius, on these kind of things."

20.28

Leon "and my mum did exactly the same"

Marius "so you texted each other."

Leon "and she deleted one message, I can show."

Marius "so she sent an message to an wrote that you should delete the application? Can you answer me?

Leon "yes, but I am going to show you what she did so you couldn't see an message deleted. Look here, you know, ehh, ehh, you this, and press delete for me. Look it is gone.

Marius "no, wait."

Leon "look"

Marius "but if, this is your message."

Leon "yes"

Marius "but what about your mothers text?"

Leon "yes, and if I delete this. Look it just goes away. Mum can also delete here own message."

Marius "but I thought it said that it had been deleted."

Leon " no, it doesn't. only on my old phone."

Marius "ok, but what did she type in the text? Do you remember that?"

Leon " I don't know, aaahh."

Marius "don't hit yourself in the head Leon. You don't think better by hitting yourself."

Leon "I think she wrote, what the hell, Delete an application that looks like this, then she sent me a photo of the application, then she deleted it."

Marius "so you got a picture?"

Leon "yes"

Marius "but the picture can still be her then."

Leon "oh no, my mum deleted the picture."

Marius "deleted the application?"

Leon "yes, she deleted everything, and when she deletes everything then it goes away."

20.30

Marius "ok"

Leon "what do you mean by this?"

Marius "How many times do I have to go around and around, and around to find out of what you are doing?"

Leon "I don't know"

Marius "hopw many time do I have to around and around, and around and are not capable to find out what you are doing?"

Leon "I don't know" leon has shut himself down now.

Marius "does it happen a lot, that I don't figure out what you are doing?"

Leon "I don't know"

Marius "or maybe I will find out everything"

Leon "I don't know"

Marius "I don't find out about everything, but most of it at the end."

Leon " I don't know"

Marius "do I not find out most of the things at the end?"

Leon "I don't know"

Marius "didn't I found out about this?"

Leon "I don't know"

Marius "it wasn't that difficult put 1+1+1+1 to find the truth"

Leon "no"

Marius " You will get answer at the end."

Leon "can you go now?" now he is really shut down. He is feeling it.

Marius "it wasn't so important now anymore? Do you know how fucked your mother is now?

Leon "This is good for me"

Marius "this is good for you? No no, I am going to tell you something, you sat out ther, and have been sitting with me the last days and pretended that you wanted to stay here. You would neve had deleted this application if you didn't pretend. You thought that you where going home as soon as possible since you deleted this application."

Leon "Noooo"

Marius "ok, so you have not pretended? So you wanted to stay here?"

Leon "Yes"

Marius "so you changed your mind about being here with me after that you deleted the application?"

Leon "yes"

Marius "because?"

Leon "because I got sad"

Marius "you got a bad conscious"

Leon "what is it with you?"

Marius "now it is like I'm irritated Leon, and extremely frustrated.

Leon "what is that?"

Marius "I am frustrated, mind blown, frustrated, irritated, I am fighting for a case, for you and your siblings and it is like I have told you, all the time will meet on a wall because of your mother. And this is most likely the reason why your school is sitting in the meeting acting like pricks since they thought everything was gone. But, go to bed it is school tomorrow.

So, here is everything of this last thing I am in. Now it is up to you to help me get the kids back to a safe place. Because that mother is poison. If she is manipulating my kid from Norway then people can only imagine what she is doing to the kids in her house. And for me this is a good thing for now finally people understand what I am dealing with. I have said from day one that she will do anything in her power to bullshit everyone to her favor. And here is a perfect example. She sent in a complaining to school while she was deleting the application. And then the school tried to take me on everything that even wasn't a case, like you have seen. I will send the rest over the next days.

Best regards

Marius Schmidt
