

This is a recording of the kids the same day the mother told Leon to stop lying about being sick. And that I manipulated him sick. The phone is at the end of the bed where Nova is laying down under the dune, so the kids don't know it is there. Again, to protect me from their mother saying I am manipulating the kids sick. The reason everyone is in my room is because I haven't started to iron yet and the kids bed was full off things they couldn't tolerate. I only ironed my bed once or twice a week. You can clearly hear Leon have problems and that is the reason why this film is important. And this recorded the second time we were at the doctor, and they said it was allergic bronchitis.

0.13 Leon comes in to the room breathing heavily and starts cough

Marius "no, now you are playing and that is not allowed, go away. Move over."

Leon "I need fresh air"

Gabriel "dad?"

Marius "yes"

Gabriel "if Leon reacts to the make up Nova has and you are going to film it cant you"

Marius "he don't react to the make up, it was the hair spray. It is gone"

Gabriel "then we can, then we can go in the garbage and pick it up and spray Leon with it."

Marius "I know wich one it is, and I could have bought a new one, but we cant do that sort of things on purpose."

Leon "Dad, Nova sprayed her make up with it."

Gabriel "yes, that have I seen before"

Nova "Nooo"

Leon "it was like this, ths ths ths, Gabriel now I am going to wash my make up,"

Gabriel "look how clean they got."

Nova "GAABRIEEL"

Gabriel "what, it was you that did it."

"Nova "nooo, it was you that did t." And it was Gabriel that did it, Nova never lies.

Marius "Be quiet"

Nova "Idiot"

Gabriel "idiot, the one who says it"

Marius "no we don't talk like that, be nice to each other, Gabriel know you are going to hear what I am saying"

Gabriel "yes"

Marius "lay down properly"

Gabriel "yes"

1.49

Marius "Leon, Down there, down there"

Leon "there?"

Marius "yes"

Leon "why"

Marius "because I have ironed there, you are going to lay down there."

Leon "Gabriel"

Marius "come on"

Leon "think if it is worse"

Marius "no I have fixed it. And this is something we want to fix it, what is annoying now is that you have come into the room from outside, Gabriel do that one more time"

2.25

Marius "we need to find out if it is the bed now or if it from outside. Nova think the bed is nice.

Nova "ahhaahu"

Gabriel "that was Leon"

Leon "no, it was Gabriel, it was Gabriel"

3.49

Gabriel "stop, stop, you need to go on the toilet."

Nova "hmmm?"

Gabriel "You are going to the toilet"

Nova "me, no"

Marius "be quiet, everyone, and don't move around, now we are done and it is bed time."

4.17

Nova "Father, water? Leon daddy is coming, daddy is coming"

Marius "lay still. Lay still, lay down properly. Gabriel and Leon lay down properly. You are lying yourself there."

Leon "but, Gabriel wants to lay here"

Marius " it doesn't matter were he wants to lay down"

Nova "can I lay here beside him?"

Marius "we can see, lay down there first and then we can see."

Nova "I want also"

Marius "no you are laying here"

Kids "everyone wants water."

Marius "then you go and fix water."

Leon "it is really important that I drink a lot of water." Told by the doctor.

Nova "I still wants water, I have just drank a little bit. Dad, I have only drank a little bit."

Marius "but then you go and drink more."

Gabriel "know is daddy going to have, now I give the phone to dad" when Nova went out of bed she removed her dune and the phone came to sight."

Marius "no, go and place it back in the room."

Gabriel "now I am going to place it back into the room, so I hope you all will have a nice night and dream sweet." Making scary noises.

Now you can hear through out this recording that Leon is having a bad time with coughing. The mother said in the recording where she was telling Leon lies, that we have been talking about strange things at and to the school, and that was the main reason for them to go after me. Here is a clear evidence of what I have been dealing with in Norway, on canaria and off course the Norwegian school here. There is no room for me to say anything even I can prove that the behaviour of the kids is night and day from Norway, and have pictures, videos and audio recording of my kids suffering under the mothers regime, since it is more important for her to say to everyone that I am crazy rather than taking care of the kids. And here is the best prove of it. This I have stated to the child service in Canaria as well.
